

# January February

We hope you had a wonderful holiday season. I am hoping you all received your Christmas card. I noticed the labels I used (after I mailed the cards, of course) were not sticking very well. Ah well. . .

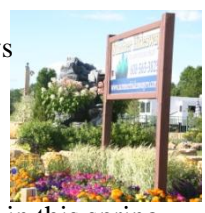

I had this great paragraph about zombies and such – I let Erin and Tim read it and got a blank look; realized my tongue-and-cheek prose was falling on deaf ears; it's a zombie groupie thing I had going – sigh. Soooo I'm going to write about something else. What I don't know. But I figure if I just start typing something should come to me – you'd think. . . *I know*, we started the RV Shows and are going to a new one this year – Rochester, MN (this is definitely not as interesting as zombie stuff, but hey, *I think I'm funny*). Ah yes, Jim is taking me to see Kellie Pickler this Saturday for Valentine's Day and my Birthday. And finally, Erin & Tim don't think we've had nearly enough snow – there's something wrong with those two – where did I go wrong??? Oh well. . . on to the news. . .

**DON'T FORGET - your final payment is due March 31, 2015**

### PARK UPDATE

Many of you have kept up on our park news via Facebook but here are some highlights:

1. Phase III loan was approved.
2. The miniature golf course will be constructed this spring.
3. Bocce Ball and Shuffle Board are going in this spring.
4. Many of you have expressed concerns about the dust and the noncompliance of the speed limit or no dust rule—we are doing something about both this year.

### BOUNCE DRYER SHEETS

I have it on good authority that Bounce dryer sheets are suppose to keep the mice out of your trailer. I'm not sure we have mice problems – but you never know. I won't tell you which camper told me this just in case it does not work and your camper stinks the entire summer ☺ lol

### DOORS POPPING OPEN

There have been a few trailers' back doors that have come open. In trying to close them, we realize we need to close the screen door first and then close the outside door, it seems to work. Remember to make sure your door is shut, shut—not just sort of shut. The wind gets pretty stiff at times. If it sits open too long, you may have to use those dryer sheets!

### VERIZON

Those of you who have Verizon for your cell phone service should call to complain about the lack of bars here in the campground. That's right, I have it on good authority that if enough of us complain, they will tweak the tower and hopefully we'll get better service. Here are the numbers to call: 1-800-922-0204 or from your cell, \*611.

### PARK MODEL RENTAL

The dates we have left to rent the park model are as follows:

- All of April
- May 15-17
- May 22-25 – Memorial Day Weekend
- September 4-7 – Labor Day Weekend
- The rest of September
- All of October
- AND of course most weekdays

### WAIVERS

We just finished our annual meeting with our insurance agent. We found out that we are suppose to have all our campers sign an insurance waiver. Sooooooo, enclosed with this newsletter is the waiver. Please sign & date it and send it back as soon as possible. Send to W4676 30<sup>th</sup> St., Necedah, WI 54646, and I will attach it to your application. ☺

### SHOWER HEADS

Strike up the band! We are getting removable shower heads in the four showers that have the fixed heads at present. Pictured is the exact shower head we are going to use.

### T-SHIRTS

We are finally getting t-shirts. We found a place in LaCrosse and they are fairly reasonable. The sizes will run from x-small to 3x. The colors are tan, light green, and light blue. If you prefer to use one of your own t-shirts or any kind of shirt for that matter, we can have it done at JR Graphics for a discounted price. More details to come.

### SUMMER SCHEDULE OF EVENTS

See attached!

Stay warm and think warm thoughts
